Why Choose LTAC

- It’s a hospital with...
  - 24 hour MD coverage
  - Radiology Equipment
  - Doctors & staff that specialize in wound care needs: Frequent dressing changes, debridement, high cost IV antibiotics, and IV pain control
  - Specialty Pulmonary: Aggressive weaning, decannulation, and pulmonary toileting with high rates of respiratory therapists per patient

- How much care do they provide?
  - Average Medicare reimbursement per day: LTAC = $2200 vs. Skilled Nursing Facility Rehab = $300
  - In conjunction with specialty care, LTAC begins therapy services such as PT, OT, and speech therapy as soon as possible

- Begin Recovery
  - In conjunction with specialty care, LTAC begins therapy services such as PT, OT, and speech therapy as soon as possible
